In case of a defect, please hand the product over to the nearest repair service.

ISKRAEMECO d.d., Kranj

We guarantee that the maintenance and repair servicem, as well as spare parts and any product needed for the regular functioning of purchased product, will be available for 10 years from the date of purchase.**GUARRANTY STATEMENT**

We hereby declare that the product has got the prescribed and declared quality characteristics and that defects and deficiencies will be made good on our expenses in 45 days if the claim of the guaranty statement holder is justified and submitted with in the guaranty period. Should we fail to repair the product within the above period the product will be replaced or full purchase price refunded. The guaranty is valid only if the date on the guaranty sheet is verified by the stamp and signature of the shop assistant.

We will admit reimbursement of charges for transport addressed to authorised servicing workshop at valid railway, bus or post rates if the relevant documents are presented. Should the servicing workshop fail to eliminate smaller defects and deficiencies the guaranty period will be extended for the period in which the product could not have been used. If the product had to be replaced or essentially repaired due to incorrect operation, the guaranty period would start again as from replacement or restitution of the repaired product. If only a part of the product was replaced or essentially repaired, the guaranty period would start and apply only for that part.

The guaranty is not valid for damages, caused by negligence of technical instructions for product installation and application, unskilled interventions or external influences (transport shocks).

The material, consumed at normal application (bills, fuses, etc.) is not included in this guaranty. During guaranty period only experts from authorised servicing offices may intervene in the product. The guaranty will be cancelled if unauthorised person intervenes in the product in order to eliminate damages or deficiencies. Assertion of guaranty rights by the by customer will not exclude asserting of guaranty rights from other titles. In case of damage, the product should be delivered to the nearest authorised servicing workshop.
