Dear All,

I'm currently enrolled in the third year of Fine Arts bachelor's Programme at Lund Universitet, partner institution of your University and I have been recently nominated by my home University to spend an Erasmus year at your Institution.

I've already filled in the application form but I need your help to define the Learning Agreement. Can you give me some advice?

I see that you offer Italian courses to the students could you please provide me with more detailed information? I also know that the European Commission offers online courses, can you tell me something about it?

Kind regards
